INDEPENDENT AUDITOR'S REPORT

Board of Trustees Public Prep Charter School Academies

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Public Prep Charter School Academies (the "Organization"), which comprise the consolidated statement of financial position as of June 30, 2022 and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Public Prep Charter School Academies as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of Public Prep Charter School Academies and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Public Prep Charter School Academies' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Public Prep Charter School Academies' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Public Prep Charter School Academies' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Public Prep Charter School Academies' consolidated financial statements as of and for the year ended June 30, 2021, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated October 29, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2022 on our consideration of Public Prep Charter School Academies' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Public Prep Charter School Academies' internal control over financial reporting and compliance.

Financial Statement presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Organization reports information regarding its financial position and activities according to two classes of net assets; net assets without donor restrictions and net assets with donor restrictions.

These classes of net assets are defined as follows:

<u>Net Assets With Donor Restrictions</u> – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

<u>Net Assets Without Donor Restrictions</u> – The net assets over which the Governing Board has discretionary control to use in carrying on the Organization's operations in accordance with the guidelines established by the Organization. The Board may designate portions of the current net assets without donor restrictions for specific purposes, projects or investment.

Revenue recognition

Revenue from Exchange Transactions: The Organization recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. The Organization records substantially all revenues over time, as follows.

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Public school district revenue

The Organization recognizes revenue as educational programming is provided to students throughout the year. The Organization earns public school district revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the Charter Schools. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Organization and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

Universal Pre-Kindergarten (Pre-K)

Similar to public school district revenue, the Organization recognizes Pre-K revenue as educational programming is provided to students throughout the year. The maximum revenue amount is based on a contractually determined fixed amount per student and the number of students enrolled at a point in time. This amount could be further reduced if actual costs incurred in providing the Pre-K program are less than the maximum calculated amount of the contract. Amounts are paid in installments throughout the course of the year, with the final 5% paid upon submission of all required documentation at the end of the contract year. Revenue recognized from Pre-K programs totaled \$1,392,357 and \$1,451,446 for the years ended June 30, 2022 and 2021, respectively.

Rental assistance

Facilities rental assistance funding is provided by the New York City Dept of Education (NYCDOE) to qualifying charter schools located in the five boroughs of NYC. In order to receive rental assistance funding, a charter school must have commenced instruction or added grade levels in the 2014-15 school year or thereafter, and go through a space request process with the NYCDOE. If NYCDOE is not able to provide adequate space, the charter school can become eligible for rental assistance. Rental assistance is calculated as the lesser of 30% of the per-pupil tuition rate for NYC times the number of students enrolled, or actual total rental costs. As rental assistance is based on the number of students enrolled, revenue is recognized throughout the year as educational programming is provided to students.

JUNE 30, 2022 (With Comparative Totals for 2021)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Contributions

Contributions and unconditional promises to give are recorded in the appropriate class of net assets depending on the existence of any donor restrictions. A contribution that is received and expended in the same period for a specific purpose is classified as revenue without donor restrictions.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Grant revenue

Some of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying consolidated statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying consolidated statement of financial position. The amount reported as deferred revenue at June 30, 2022 amounted to \$475,438. There was no revenue deferred at June 30, 2021. The Organization received cost-reimbursement grants of \$10,121,082 and \$116,245 that had not been recognized at June 30, 2022 and 2021, respectively, because qualifying expenditures had not yet been incurred.

Cash

Cash balances are maintained at certain financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Organization has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

Cash in escrow

The Organization maintains cash in escrow accounts for dissolution reserves in accordance with the terms of their charter agreements. The amount in escrow for dissolution as of June 30, 2022 and 2021 was \$200,416 and \$200,329, respectively. The escrow is restricted to fund legal and other costs related to the dissolution of the Organization, should dissolution become necessary.

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Restricted cash

The Organization maintains cash in a certificate of deposit for collateral in accordance with the terms of their standby letter of credit as required by the Girls Prep Bronx II, LLC lease agreement. The amount of the certificate of deposit as of June 30, 2022 is \$625,000 and has an interest rate of 0.3%. The cash is restricted as collateral for the standby letter of credit. See Note D.

Grants and contracts receivable

Grants and contracts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2022 or 2021.

Property tax refund receivable

In connection with the lease agreement entered by Friends and subleased to Boys Prep as described in Note D, Friends was responsible for payment of property taxes in excess of a base level. During the year ended June 30, 2022, the landlord and Friends completed the process of forming a leasehold condominium and subsequently filing for tax-exempt status for the property. As a result, property taxes previously paid by Friends were refunded to the landlord by the taxing authority and are due to Friends under the terms of the lease. Friends does not anticipate incurring future property tax expense with respect to this lease.

Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straightline method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to thirty five years. Leasehold improvements are amortized over the lesser of the lease term or useful life.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflected in operations.

Tax exempt status

The Organization is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

Public Prep Academies and Friends file Form 990 tax returns in the U.S. federal jurisdiction. In addition, Friends files in New York. The tax returns for the years ended June 30, 2019 through June 30, 2022 are still subject to potential audit by the IRS and NY. Management of the Organization believes it has no material uncertain tax positions and, accordingly, it has not recognized any liability for unrecognized tax benefits.

Contributed services

The Organization receives contributed services from volunteers to serve on the Board of Trustees. In addition, the Organization received transportation services, special education services and speech therapy instruction for the students from the local district. The Organization was unable to determine a value for these services.

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Marketing and recruiting costs

The Organization expenses marketing and recruiting costs as they are incurred. Total marketing and recruiting costs approximated \$25,000 and \$70,000 for the years ended June 30, 2022 and 2021, respectively.

Security deposit payable

The Organization subleased a portion of one of the buildings it occupies and received a security deposit in relation to the sublease. The security deposit was refunded at the end of the lease term.

Deferred lease (liability) receivable

The Organization leases one of its facilities. The lease contains significant pre-determined fixed escalations of the base rent. In accordance with GAAP, the Organization recognizes the related rent expense on a straight-line basis and records the difference between the recognized rental expense and the amounts paid under the lease as a deferred lease liability. The amount of additional rent expense recognized in excess of the amounts paid under the lease was \$590,202 and \$625,636 for the years ended June 30, 2022 and 2021, respectively.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

Functional allocation of expenses

The costs of programs and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Adoption of new accounting standard - gifts-in-kind

In September 2020, the FASB issued a new accounting update to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind. The update requires not-for-profit entities to present contributed nonfinancial assets separately on the statement of activities, apart from contributions of cash and other financial assets. In addition, the update requires not-for-profit entities to disclose in the notes to the financial statements a breakout of the different types of gifts-in-kinds recognized, any donor restrictions associated with the gift, the valuation technique(s) used to arrive at the fair value measure, whether or not the gift-in-kind was monetized, and any policies on monetization. The update is effective for fiscal years beginning after June 15, 2021 and is being applied on a retrospective basis. The Organization adopted this standard during the year ended June 30, 2022. See Note E.

New accounting pronouncement - leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Organization is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Organization's financial position or results of operations.

Subsequent events

NOTE C: LIQUIDITY AND AVAILABILITY

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Organization's main source of liquidity is its cash accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing activities of education and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Organization operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Organization's cash and shows positive cash generated by operations for fiscal years 2022 and 2021.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

NOTE D: SCHOOL FACILITY

As part of the New York City Chancellor's Charter School Initiative, the New York City Department of Education has committed space to the Organization at no charge under a verbal agreement. See Note E.

In December 2016 Friends entered into a lease agreement with a third party for school facility space for use by Boys Prep. The lease required a security deposit of \$495,000 which was paid in fiscal 2017 by Boys Prep. The lease term is 35 years, which commenced upon occupancy in September 2018, with the option to renew the agreement for two renewal terms, the first for ten years and the second for four years. The current agreement provides for monthly payments of approximately \$202,300 for the first year, increasing annually based upon the greater of the changes in the Consumer Price Index above a base year or a fixed percentage of 1.5%. Girls Prep Bronx II is also located in the same facility as Boys Prep.

Effective May 1, 2019, the Organization agreed to sublet a portion of the Boys Prep facility for a fourteen month period through June 30, 2020 at \$4,167 per month. This sublease was extended at the same terms through July 31, 2021. This sublease was further extended through June 30, 2022 under new sublease terms, with no rent expense being charged. In place of monthly rent, the sub-tenant is required to pay for any security charges incurred for services provided beyond normal building hours. Additionally, effective July 1, 2019, the Organization sublet space in the Boys Prep facility to PPN at a rate of \$4,125 per month on a month-to-month basis. Effective July 1, 2021, the rate decreased to \$2,000 per month on a month-to-month basis. Rent expense paid during the years ended June 30, 2022 and 2021 (net of sublease income) was approximately \$2,410,000 and \$2,250,000, respectively.

Effective April 7, 2022, Girls Prep Bronx II, LLC entered into a lease agreement with a third-party landlord to construct a building to be leased to Girls Prep Bronx II, LLC. The lease commencement date depends upon when the construction is substantially completed but will be no sooner than July 1, 2024. The lease shall run for 39 years from date of commencement with monthly rental payments beginning at \$125,000 and increasing to \$589,000 over the lease term. The lease can be renewed for an additional ten-year period. Future minimum lease payments below have been calculated assuming the lease commences on July 1, 2024 as expected. Public Prep Charter School Academies guarantees the lease. Management does not anticipate any losses from this guaranty, and, accordingly, no amounts have been provided for this guaranty in the accompanying consolidated financial statements. At June 30, 2022, the maximum amount of future payments (undiscounted) that the Organization could be required to make under the guaranty is approximately \$289,021,000. At this time, the Organization fully expects that the above lease obligation will be repaid by Girls Prep Bronx II, LLC in accordance with the lease terms. In accordance with the lease terms, the tenant shall pay or provide a letter of credit for one-half of the security deposit at the execution of the lease. This amounted to \$625,000 and the Organization obtained a standby letter of credit for this amount effective April 4, 2022 with a final expiration date of August 30, 2063. Further, the Organization maintains a certificate of deposit account that holds \$625,000 as collateral for this standby letter of credit as required by the standby letter of credit agreement.

During September 2019, the Organization finalized a sublease between Friends and Public Prep Charter School Academies for the Boys Prep school facility space which commenced September 10, 2018 through June 30, 2053. Effective July 1, 2020, the lease was amended to reduce the term to June 30, 2021 at a fixed annual rental of \$4,066,328. Effective July 1, 2021, the lease was amended to extend the term to June 30, 2041. Under the amended sublease, annual rental payments increase by approximately 2% annually. In accordance with GAAP, Friends recognizes the related rental income on a straight-line basis and records the difference between the recognized rental income and the amounts received under the lease as a deferred lease receivable. Boys Prep recognizes the related rental expense on a straight-line basis and records the difference between the recognized rental expense and the amounts paid under the lease as a deferred lease payable. The amount of additional rental income recognized by Friends and rental expense recognized by Boys Prep in excess of the amounts received under the lease was \$944,229 for the year ended June 30, 2022. All intercompany rent is eliminated in the accompanying consolidated financial statements; \$6,699,651 and \$4,121,329 for June 30, 2022 and 2021, respectively.

The Organization also leases office equipment under non-cancelable lease agreements expiring at various dates through September 2027. During August and October 2022, the Organization entered into additional office equipment leases, these are included in the future minimum payments shown below.

The future minimum payments on these agreements are approximately as follows:

The deferred lease incentive associated with these buyouts will be amortized over five years (the term of the new leases) and is included in deferred lease incentive on the accompanying consolidated statement of financial position as of June 30, 2022 and 2021. Approximately \$26,000 is expected to be recognized annually through 2022, with the remainder recognized in 2023.

NOTE I: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Organization. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying consolidated financial statements. Accordingly, no amounts have been provided in the accompanying consolidated financial statements for such potential claims.

NOTE J: CONCENTRATIONS

At June 30, 2022 and 2021, approximately 79% and 74%, respectively of grants and contracts receivables are due from New York State relating to certain grants. NOTE N: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Organization's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Organization is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2023.

In response to the COVID-19 outbreak, the Federal Government passed several COVID relief acts which include funding for elementary and secondary education. The Elementary and Secondary School Emergency Relief Fund (ESSER Fund) was established to award grants to state and local educational agencies. The Organization has recognized \$4,759,130 and \$1,036,594 of revenue relative to ESSER grants during the years ended June 30, 2022 and 2021, respectively.
